Note regarding subsidized senior housing:

There is often a long wait list for subsidized apartments, typically 1 to 2 years.

There are income and asset limits that must be recertified annually.

We recommend you apply to multiple places, so you have more options /choices and shorter wait time to obtain subsidized housing. You often must apply to each apartment complex.

Types of subsidized Housing:

“30%” = Tenant usually pays approximately 30% of their income based on their income, adjusted for assets, and certain expenses.

“Tiered” = Set reduced rent levels tenant qualified for based on income and assets. Private builders receive tax credits and have certain number of apartments dedicated for those at 30%, 40%, 45%, 50% even 60% of the median income for the area.

***Housing Authority Owned/Operated “Public Housing”**

We list those that are senior only, disabled and or with only 1-bedroom.

Family housing often also accept senior or single applicants. Contact Housing Authority for more information regarding family housing. Housing authority owned public housing is a separate application process (one list for all their senior housing) and different from Section 8.

SECTION 8 Voucher: Housing Authority voucher for adults & families that received Section 8 subsidy allows choice of where to live. The voucher can be used at any apartment /private home that has been approved for Section 8. Generally, tenant portion of rent about 30% of their income, adjusted for assets and certain expenses. Applications are only accepted periodically and wait period to receive benefit usually several years.

HUD VASH (Veterans Affairs Supportive Housing): Similar to the Section 8 Voucher but only for veterans -often more readily available than Section 8.
